Commissioner for Patents

The amendment filed on February 24, 2004 has been received by the office. However, the amendment is considered to be non-responsive since applicants respectively request that the examiner hold the double patenting rejection in abeyance until all the subject matter of the present invention is in condition for allowance (see page 13, last paragraph of applicant's remarks) is not considered as a response. There are three ways to respond to this double patenting rejection: (1) arguing the examiner's rejection; (2) filing a terminal disclaimer; and (3) stating to file a terminal disclaimer before the case is allowed. The applicant is required to respond to the double patenting rejection made in previous office action in response to this communication.

APPLICANT IS GIVEN 30 days FROM THE DATE OF THIS LETTER TO COMPLY WITH THIS REQUIREMENT. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 C.F.R. § 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 C.F.R. § 1.136. In no case may an applicant extend the period for response beyond the six month statutory period. Direct the response to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the response.
